

Sprint 4 Plan

Talk to Me by TADAA
V1.1.0 11/25/2020

Sprint Goals

Create a better environment for admin work and allow users to select a language to chat in so they can enjoy their experience more.

Development Tasks

- **Total estimated work hours:**
- As a site admin, I want to see the reports in a nicely formatted way, so that it is easy to read over the reports (auth admins, admin page). **Total: 19 | 32 hours**
 - Create basic authentication for admin (plaintext token or JWT) **3 | 8 hours**
 - store token in browser
 - send token with all api requests
 - Create basic UI for the admin page **8 hours + 8 pretty hours**
 - Login page (send pass to server, stores locally)
 - View reports page
 - Ban user button
 - View reported messages button
 - Clean db (useful)
 - View reported messages page
 - View bans page
 - Unban user button
 - Create API routes for these pages **8 hours**
 - Auth password
 - Get reports
 - Get reported messages from report
 - Ban user from report
 - Get banned users
 - Unban user
- As a user, I want to be able to chat in the same language as the other user, so we can understand each other. **Total: 5 hours**
 - **!!-- LOW PRIORITY --!!**
 - Figure it out later if able
 - Focus on early value

Team Roles

Alex K - Product Owner

Tyler H - Dev

Andrew Z - Dev
Alex L - Scrum Master
Duncan B - Dev

Initial Tasks

Alex K	JWT investigation.
Duncan	Begin basic admin page ("login" page first)
