TTM EZPZ ATLAS GUIDE

Getting Access

1. Make MongoDB account
2. Get invited by admin
3. Login to atlas and go to project Talk-with-me

Finding the Database

1. On left tab, go to Clusters
2. In the middle, there will be a 'COLLECTIONS' button, go to that
3. You should be able to see the database 'db' on the left. Click on that to see all collections in db. Click on collections to see documents in them.
4. To add a document (like in bannedUsers), go to 'INSERT DOCUMENT', can manually put in information in there
5. For bannedUsers, input 'ip' and then their ip address.
